

Heatset LT

This **Heatset LT** series is especially designed for SC as well as for newsprint paper even up to the lowest grammage. The ink has a very low tack combined with very long tack stability.

The **Heatset LT** ink can be used at the highest printing speed and misting is kept to a minimum by using the most modern binder technology.

Properties of the Heatset LT

- Fast drying
- High gloss
- Excellent ink- water behaviour
- Meets the ISO 2846-1 standard
- Optimum stability

Packaging size:

- 25 kg pale
- 200 kg barrel
- 1000 kg container

This technical instruction sheet is designed for your information and reference. It is based on and conforms to our current knowledge. However as actual application is affected by many factors over which we have no control, we are not liable for printing failures.
